Vision

Trafford Partnership's VISION 2021

Vision

Trafford is thriving, diverse, prosperous and culturally vibrant. A Borough at the heart of the Manchester City Region celebrated as the enterprise capital of the North West and home to internationally renowned cultural and sporting attractions.

By 2021:

All Trafford's people and communities will enjoy the highest quality of life in a safe, clean, attractive, healthy and sustainable environment with excellent education and first-class services.

Trafford businesses will be provided with all the tools and support to be able to continually and successfully compete for skills and investment on an international basis.

As a destination, Trafford will consolidate and build upon the reputation of its renowned world-class attractions (Manchester United, Lancashire County Cricket Club, Imperial War Museum North and the Trafford Centre) providing a breathtaking mix of cultural, sporting, heritage and natural attractions together with vibrant town and shopping centres.

What You Told Us

In 2007 we carried out Trafford Partnership's first ever survey of residents: together with a comprehensive consultation with local people, businesses and partners. You provided us with valuable information to inform the Partnership's choice of priorities for delivering the vision as follows:

Where are we now?

Trafford is one of the most sought after locations to live in the north of England. It is easy to see why with its high quality environment, strong and diverse economy with efficient and integrated transport and an enviable collection of internationally renowned sporting, cultural and leisure attractions. Through excellent education our primary, special, grammar, high schools and college together achieve amongst the very best results in the country. We are proud of Trafford's track record in the efficient delivery of public services, but want to improve even further.

You are safer in Trafford than in any other metropolitan area (with the lowest crime rates in Greater Manchester).

Local people are generally healthier and live longer than anywhere else in the North West.

Trafford has a strong and diverse economy offering a wide range of employment and business opportunities and is home to the oldest and largest industrial park in Europe. Trafford Park is the leading international business location in the North West. Ongoing transformations will see Greater Manchester's Waterfront provide a state of the art sustainable mixed use environment for high growth, technological and knowledge based employment, tourism, leisure and retail including the globally significant media zone Media City UK. Surrounded by water, at its heart will be the already iconic, The Lowry and the Imperial War Museum- North, to be enhanced by a fantastic media complex, including the new home of BBC North.

Our five town centres (Altrincham, Partington, Sale, Stretford and Urmston) make up the heart of the Borough, adding individual character and providing vibrant places for people to enjoy living, working, shopping and leisure. The majority of people in Trafford feel that their local area is an attractive and harmonious place to live.

Where are we now?

We are acutely aware however, that not everyone in the Borough has the opportunity to share in this excellent quality of life and growing prosperity. Trafford is a borough of contrasts and some of its neighbourhoods are amongst the most disadvantaged in the entire country. At its most stark, life expectancy between areas within two neighbouring wards can be as great as 10 years. Partington and Sale West contain areas which are amongst the most disadvantaged 5% in the country. Whereas recent evidence has shown Old Trafford to have climbed out of the bottom 5%, the majority of areas in Old Trafford remain in the worst 10% in the country. Health and Disability, Income and Employment are of particular concern across these three neighbourhoods with all ranking in the top 5% most deprived.

Each and every neighbourhood is unique but local people share similar concerns around higher unemployment and crime, poorer health, low income and educational achievement. In addition, some groups in the community do not enjoy the same quality of life and are a specific focus for the Partnership including; disabled people, carers, those over 50, children & young people and people from Black and Minority Ethnic and new communities.

Since we launched Trafford's second community strategy in January 2006 much has been achieved and Trafford continues to make positive progress.

The Trafford Partnership felt it important to test whether the vision and priorities are still relevant and shared by partners, Trafford businesses and local people. Since the previous consultation the mechanism for engaging local people has become more neighbourhood based and is now focused around 9 Neighbourhood Forums which better reflects the communities of Trafford.

Making Progress

Trafford Partnership is committed to building on the Borough's many assets and strengths in order to create opportunities to improve quality of life for all and reduce inequalities. We are working together to maximise opportunities which can be secured from building on Trafford's assets and growing successes and linking them to areas of need and challenge; in order to address inequalities in quality of life for local people and their communities. Notable achievements since January 2006 include:

A year on year reduction in crimes in the Borough has seen Trafford recognised as among the very best in the in Region.

Media City UK secured bringing £225million and more than 2000 jobs to the Trafford economy.

The Sport England Active People Survey shows more people in Trafford regularly participate in sport and active recreation than the England average. A number of projects have been developed to encourage active lifestyles. The Old Trafford Community Sports Barn located in Seymour Park opened in September 2006 with a four-court sports hall, an Astro turf pitch and two outdoor hard courts, it provides the full range of sports that local people want.

Imperial War Museum – North launched 'In Touch' volunteer programme which is integrating individuals into the Museums' Learning and Access teams, giving them the confidence and skills to become lifelong learners, museum users and contributors to the Museums' delivery and development.

North and South Trafford Colleges merged to create a new Super-college to build on the excellent record and achievements of the individual colleges, not least South Trafford College's accolade as College of the Year 2006-7 and the first college in England to be considered outstanding by OFSTED.

Kingsway Park in Urmston has been recognised for its best practice project transforming a former landfill site into aesthetically and ecologically diverse parkland. Engaging the Community, including local schools and friends of Kingsway Park, was instrumental in the success with the National Lottery's People's Millions Competition.

Trafford Homestep scheme was launched in July 2006 with grant support of £1.5 million from the

Making Progress

Government Office of the North West. To date, the scheme has enabled 32 households in housing need to purchase homes on the open market with the assistance of an equity loan to a maximum value of 25% of the property value. No interest is charged on the loans, which are repaid to the Council when the property is sold. In addition, Trafford has secured £12m to provide more than 200 affordable homes across the Borough.

The Quality of life is improving for everybody in Trafford and there has been a 50% improvement with areas moving out of the bottom 5% in the Country, most notably one of those areas was in the bottom 1%.

Trafford Partnership has committed to ensure that equalities is central to and underpins all its work. For example, working with the Disability Partnership Board, Disability Advisory Group and Deaf Partnership we completed the first annual review of Trafford's Disability Equality Scheme. We held a 'drop-in' in December 2007 to inform people of progress and check on any new issues which may have arisen or which we needed to tackle. An important ongoing area of work is assessing the impact of Council projects, policies or decisions on disabled people.

Live Learn Work Relax

Where will we be in 2021?

Trafford will be recognised as the best place to live in the North West, the thriving heart of a dynamic and successful Manchester City Region. Our enviable cluster of iconic cultural, sporting, heritage and natural attractions combined with the highest quality outdoor environment will continue to make Trafford the place of choice both personally and professionally.

Despite the high demand to live in Trafford, we will be able to offer affordable good quality homes to first time buyers, growing families, vulnerable people and the key workers who support and drive the local economy. They will be supported by high quality and appropriate local services. Trafford will be recognised as the safest and healthiest metropolitan area in the country. Local people will be actively involved in all aspects of life in Trafford particularly addressing the causes of climate change and protecting one of the highest quality outdoor environments for present and future generations.

Our five town centres (Altrincham, Partington, Sale, Stretford and Urmston) will continue to be at the heart of the Borough, adding individual character and providing vibrant places for people to enjoy living, working, shopping and leisure. The majority of people in Trafford will continue to feel that their local area is an attractive and harmonious place to live.

We will enjoy the best integrated transport network in the Manchester City Region with our existing communities and new developments well connected by excellent public transport links. Everyone will enjoy good quality of life, share in our growing prosperity and achieve their potential whichever neighbourhood they live in: particularly disabled people, carers, those over 50, children & young people and people from Black and Minority Ethnic and new communities

Live Learn Work Relax

What will Success look like

Safety and Reassurance

Lower levels of crime, especially anti-social behaviour, drugs and alcohol related and hate crimes; More people feeling safe and reassured.

Family-centred, multi-agency services in place which make people and communities feel safer and reassured. People feel involved in their local communities.

People feel secure in their homes and local neighbourhoods.

Health and Well-being

More people living longer, healthier lives across the Borough.

Health inequalities are reduced.

Trafford's community buildings, parks, and other assets are well used by local people for recreation, physical activity and learning.

Homes and Affordability

More new homes; more affordable homes; Better designed and environmentally friendly homes; The right kind of homes in the right areas with the right services.

Homes and non-residential developments add to the health and wealth of the Borough; More homes built on previously developed land with access to high quality local services.

Transport

More people travelling with ease within Borough and to other destinations; Expansion of Metrolink secured; More people using public transport, walking and cycling; Greater safety and security on the roads and on public transport; Less congestion.

Commitment

Safety and Reassurance

1. Continue our excellent track record on reducing crime and build confidence in Trafford as a safe place.
2. Develop effective multi-agency delivery services in response to local community safety priorities for Trafford's neighbourhoods.
3. Support individuals, families and communities to build and sustain good relationships.

Health and Well-being

4. Tackle health inequalities, promote well-being, provide access to quality personalised services and promote good lifestyle choice.
5. Target preventative services at vulnerable people to reduce the risk of ill health.
6. Make better use of our community buildings, parks and other assets to improve quality of life and promote learning and active, healthy lifestyles.

Homes and Affordability

7. Increase the number, choice and affordability of homes in Trafford and ensure they are greener and better designed.
8. Provide Homes for Life and access to high quality support services including for vulnerable people.
9. Ensure that the right kind of homes are planned and developed that meet local needs with access to appropriate services and a minimal impact on the Environment.

Transport

10. Ensure Central Government and local partners work together to improve access and make the best use of existing transport infrastructure including: the expansion of Metrolink; reducing congestion; improving the road network and; road safety.

What some of you said

" Hope you are successful..."

"Take more care of the parks"

"I'm delighted with my Bungalow in Bowdon! Much better than a bedsit I had. Thank you"

"Altrincham Ice Rink should be included as one of Trafford's world-class attractions in addition to Manchester United etc. By 2021 it will be an international arena and will include other facilities as well as the ice rink."

"We also now have Chill Factore at the Trafford Centre."

"the Bridgewater canal and the Ship Canal....world heritage"

"Fantastic vision"

"A healthy, spiritually up-lifting and sustainable environment"

"Expand environmentally friendly homes to include space and features to support wildlife."

"Need more places to relax – something like Irwell City Park."

"Trafford is culturally diverse which adds to the dimension of Trafford."

"In the context of the modern world it is never too late to relearn skills"

What will Success look like

Environment and Sustainability

High quality local environment and more attractive public spaces are enjoyed by all; People working together to ensure that what we do today does not compromise the future enjoyment of the Borough.

More recycling by households, businesses and other organisations; Even better household carbon footprints; High value, low carbon economy.

Access

Increased use of and satisfaction with services across all groups in all neighbourhoods; More people feel aware and informed about services available to improve quality of life across all groups in all neighbourhoods.

Reducing inequalities and improving engagement

More people particularly disabled people, carers, those over 50, children & young people and people from Black and Minority Ethnic and new communities feel confident and able to influence local services; Local people feel people from different backgrounds get on well together in their local area.

Nowhere in Trafford is identified in the most disadvantaged 5% of neighbourhoods and fewer neighbourhoods in the most deprived 20%; More people in work, improved skills and volunteering among disadvantaged groups.

Trafford has a thriving voluntary and community sector; More people from across Trafford coming together, including, as volunteers to improve quality of life and make a difference.

Commitment

Environment and Sustainability

11. Improve and protect our high quality local environment, public open spaces and nature and reduce pollution and the environmental implications of what we do.

12. Address the causes of climate change by reducing our emissions of greenhouse gases and improving recycling.

Access

13. Improve access to services, facilities and information for all groups particularly disabled people, carers, those over 50, children & young people and people from Black and Minority Ethnic and new communities.

Reducing inequalities and improving engagement

14. Improve community engagement and participation in all aspects of living and working in Trafford, particularly from disabled people, carers, those over 50, children & young people and people from Black and Minority Ethnic and new communities.

15. Tap into the potential that exists in our currently under represented and disadvantaged communities and enhance the skills of local people to contribute to greater prosperity and improved quality of life.

16. Make better use of all aspects of the community as a resource including support for volunteers.

Live Learn Work Relax

Where we will be in 2021?

Our children and young people will shape and influence the future of the Borough. They will be healthy, active, feel safe, and enjoy what life has to offer, achieve their goals and make a positive contribution for themselves, their families, the Borough and society.

Our schools and college continue to be recognised as among the best in the country and by 2021 every school will be excellent with educational inequalities reduced or removed. Trafford continues to be a highly skilled community and learning is led by communities, families, individuals and employers supported by high quality training providers, college and other organisations.

Our college and our schools continue to be thriving centres of excellence that provide first-class access to independent learning for personal development, employment, prosperity and make a positive contribution to the environment now and in the future. As the Enterprise Capital of the Manchester City Region, our employers value and invest in learning and skills development.

Live Learn Work Relax

What will Success look like

Pre-19 Education

Stronger educational achievement for all children and young people; Improved educational attainment for all; Better life opportunities for all young people.

More young people in education, employment or training; More young people involved in voluntary and community activity.

Raised education and skill levels for all by 19.

High Quality Organisations

World class standards in education and learning from recognised quality organisations.

Trafford's Schools, college, community buildings and parks are well used by local people for learning and to support a thriving voluntary and community sector.

Access and Skills

More young people in education, employment or training.

More young people involved in voluntary and community activity.

Raised education and skill levels for all by 19.

Learning for the Workplace

More people qualified with the "right" skills and job ready to meet the needs of employers, particularly at NVQ level 3.

Commitment

Pre-19 Education

17. Ensure that from early years, education, learning and personal development opportunities are family centred and accessible from the beginning in order to realise children's full potential.

18. Create and make the best use of opportunities (including volunteering and citizenship projects) for 14-19 year olds to help them realise their potential and benefit from enterprise and employment.

19. Where they exist, reduce and remove educational inequalities.

High Quality Organisations

20. Continue to foster the excellence of our primary, special, grammar, high schools and college and build on their individual specialisms.

21. Make better use of our community assets including schools, colleges and parks to promote learning, healthy lifestyles and active citizenship.

Access and Skills

22. Create a culture of learning through life for every individual, family and organisation, promoting the ethos that it's never too late to learn.

23. Remove barriers to learning and work, including access and support for carers.

24. Improve educational, vocational and employment outcomes through skills for life.

Learning for the Workplace

25. Develop the right skills for the economy to address skills shortages, particularly at NVQ level 3 and encourage workforce development (in growth sectors).

Live Learn Work Relax

Where we will be in 2021?

Trafford already has a strong and diverse economy, but in 2021 it will be the best in and the engine of the Manchester City Region – a world class economy at the heart of a thriving North West. Trafford Park will once again be synonymous with business excellence at the forefront of economic development, particularly with new technologies, media and other growth sectors.

Our five town centres will be vibrant places for people to enjoy with a wide range of opportunities built on long-term sustained economic growth.

We will have further enhanced our high performance and sustainable economy, to provide a powerful contribution to regional growth and encourage an ethos of enterprise from every individual, community and business in Trafford.

Trafford will also be at the forefront of new employment creation and be renowned as the Enterprise Capital of the North West, where small and large businesses alike thrive. We will harness and grow the enterprise and skills potential of all local people and businesses whoever and wherever they are in the Borough with one of the highest employment rates in the country. We will have excellent relationships between our business and residential communities.

Live Learn Work Relax

What will Success look like

Place

Business centres, particularly Trafford Park, compete in the 21st century economy providing high quality industrial and commercial premises; High-value, low-carbon economy.

Plenty of high quality business premises in well served locations for new and expanding businesses and major relocations.

Pro-active investment and redevelopment in Altrincham, Partington, Sale, Stretford and Urmston; Five vibrant town centres providing a balanced mix of residential, retail, commercial and leisure uses.

Business

More new business start ups and better survival rates than anywhere else in Greater Manchester.

Businesses and other organisations looking after the health and well-being of their staff, customers and the community.

More jobs and wealth generated locally, particularly in our key growth sectors.

People, Skills and Work

More people qualified with the "right" skills and job ready to meet the needs of employers particularly at NVQ level 3; More local people in work, training and Apprenticeships; A workforce which sustains economic competitiveness and enables individuals to thrive in the global economy; Improved English language skills and knowledge.

More people in work, particularly in our more disadvantaged and underrepresented communities; More local people in work, training and apprenticeships.

Commitment

Place

26. Secure appropriate investment and environmentally friendly, well designed development in major employment centres, particularly Trafford Park.

27. Secure and develop appropriate premises for new and expanding businesses.

28. Focus and develop the individualism and vibrancy of our town centres.

Business

29. Ensure partners recognise Trafford as the Enterprise Capital of the North West and direct resources accordingly.

30. Ensure a culture of corporate responsibility is in place across all sectors in Trafford.

31. Support local businesses to benefit from a growing economy.

32. Grow our key business sectors by ensuring they have the right infrastructure, economic conditions, business support and skills to drive up productivity, wealth and job creation.

People, Skills and Work

33. Ensure local people including members of new communities have the right skills and experience to get jobs for example with the development of Media City UK.

34. Support Trafford residents, especially in our currently underrepresented and disadvantaged communities, to achieve a higher quality of life through employment, training and volunteering.

Live Learn Work Relax

Where will we be in 2021?

Trafford will still be recognised as the leading destination for sport and culture in the world with an enviable mix of cultural, sporting, heritage, natural and retail attractions with high levels of participation among local people.

Manchester United, Lancashire County Cricket Club, Imperial War Museum North, the Trafford Centre, Dunham Massey and others will proudly act as champions for Trafford and will be joined by new regionally and nationally acclaimed attractions.

We will use sport and cultural activities to involve people in promoting healthy and active lifestyles and good relationships, increasing respect within and between all our diverse communities. Our Faith, Disabled and Black and Minority Ethnic communities will through their networks, skills and expertise be at the forefront of this work.

Our parks and volunteering will be central to this offering a wide range of opportunities for all people and groups to improve their quality of life.

Trafford will have the highest quality outdoor environment with a wide range of plant and wildlife and people will enjoy one of the best and most varied shopping, cultural and leisure experiences in the Manchester City Region.

Live Learn Work Relax

What will Success look like

Participation in the Wider community

Higher levels of participation in cultural and sporting activities among all ages and groups.

More groups providing sporting and cultural activities to more people.

More groups offering sporting and cultural opportunities and events to disabled people, carers, those over 50, children & young people and people from Black and Minority Ethnic and new communities.

Activity and Health

More people living longer healthier lives; More people involved in physical activity, sports and other cultural events.

Trafford's People Assets

Trafford has a thriving voluntary and community sector; More people of all ages from across Trafford coming together, including, as volunteers to improve quality of life and make a difference.

People feel involved in their local community and that people from different backgrounds get on well together.

Trafford's Physical Assets

Improved access to and quality of open spaces and the outdoor environment; Trafford's community buildings, parks, countryside and public spaces are well used by local people for recreation, physical activity and learning.

Increase species of plant and wildlife in Trafford.

Commitment

Participation in the Wider Community

35. Raise the profile and improve opportunities to access sport, arts and culture. Increase levels of participation among all groups including older and younger people.

36. Support and develop the wide range of local sporting and cultural networks and events.

37. Support underrepresented and disadvantaged communities and smaller groups to become involved in local sporting and cultural networks and events.

Activity and Health

38. Promote healthy lifestyles including participation in physical activity, sport and other cultural events.

Trafford's People Assets

39. Make better use of all aspects of the community as a resource including support for volunteers.

40. Recognise, value and celebrate cultural diversity.

Trafford's Physical Assets

41. Make better use of our community buildings, parks and other assets including the natural environment to improve quality of life, promote learning, active, healthy lifestyles and stronger communities.

42. Protect and enhance the quality and accessibility of public spaces and promote their use for recreation and healthy lifestyles.

43. Protect and nurture the range of plant and wildlife in Trafford.

What we are going to do

Working together to achieve the vision

The Trafford Partnership is a single body which brings together more than 100 organisations including local and regional partners, across the public, private, voluntary and community sectors. Communication and leadership within and beyond the partnership is fundamental to improve understanding of what the partnership is doing and what more needs to be done in order to improve services for all.

As a partnership we will improve public services, achieve sustainable economic growth, protect and sustain a high quality environment where everyone has the opportunity to enjoy improved quality of life and to share in growing prosperity.

When we work together in this way we make the best use of the resources we have and the sum of the parts is always greater than the whole, making a strong impact on the quality of life in Trafford and providing better services that are greater value for money.

As ambassadors for the local area, members of the Trafford Partnership promote Trafford as an excellent place to live, learn, work and relax and to start and grow a business.

Above all this is about our partnership with you. Local people feeling involved, welcome and confident that they can make a difference to their community is central to the work of the Partnership. All the most important things we want to achieve depend on individuals and families working together with us in their neighbourhoods.

How to check if we are succeeding

In putting together the Strategy, Trafford Partnership has made a number of promises about how we will deliver our Vision for 2021.

These are:

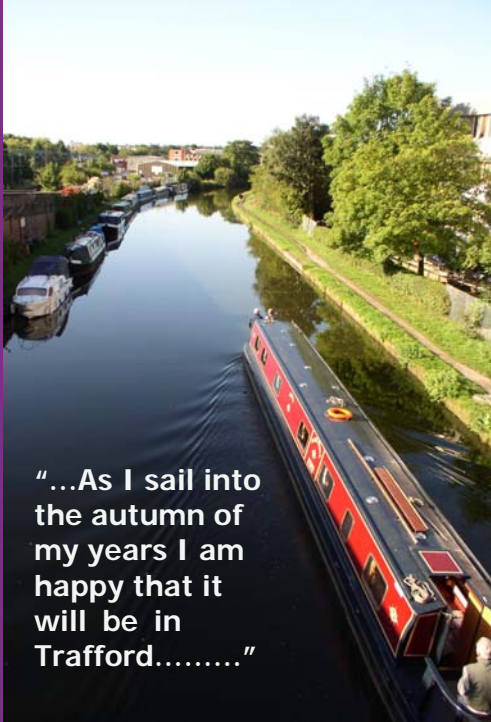

- We will ensure that people are at the heart of all our plans, policies and actions
- We will ensure that our actions are sustainable in that they promote the social, environmental and economic well-being of Trafford and its people in a balanced manner that does not compromise the needs of future generations.
- We will show how the Strategy will improve the quality of life for all our communities and neighbourhoods. We will make it mean something to you and your local area.
- We will make things happen in the next three years whilst keeping our eyes on the long term ambition and you can check on the measurement of progress with all 43 commitments at www.traffordpartnership.org

What the vision means to some of you

Trafford Partnership's VISION 2021

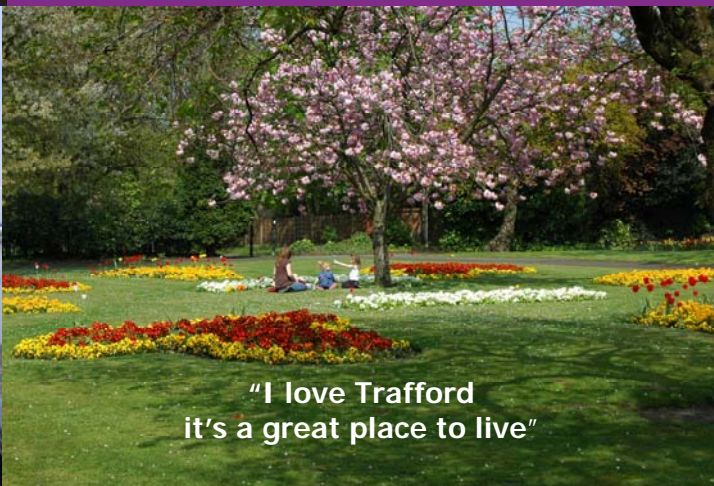

".....I hope that by working together we can make it happen."

"...As I sail into the autumn of my years I am happy that it will be in Trafford....."

"...why wait until 2021?"

"I love Trafford it's a great place to live"

Vision

Trafford is thriving, diverse, prosperous and culturally vibrant. A Borough at the heart of the Manchester City Region celebrated as the enterprise capital of the North West and home to internationally renowned cultural and sporting attractions.

By 2021:

All Trafford's people and communities will enjoy the highest quality of life in a safe, clean, attractive, healthy and sustainable environment with excellent education and first-class services.

Trafford businesses will be provided with all the tools and support to be able to continually and successfully compete for skills and investment on an international basis.

As a destination, Trafford will consolidate and build upon the reputation of its renowned world-class attractions (Manchester United, Lancashire County Cricket Club, Imperial War Museum North and the Trafford Centre) providing a breathtaking mix of cultural, sporting, heritage and natural attractions together with vibrant town and shopping centres.

How we refreshed the Blueprint

Why we refreshed the Blueprint?

A sustainable community must reflect the Borough's neighbourhoods. This was a recognised area of improvement for Trafford's previous Community Strategy.

Since the consultation and development of the existing community strategy "Trafford 2021 : a blueprint", launched in 2006, the Council has established 9 neighbourhood forums as the major means of allowing local people to have their say.

The refresh of the Community Strategy has allowed us to engage local councillors and communities more effectively in reviewing the vision and priorities for Trafford and their local neighbourhood.

Who we asked

During a 15 week programme of consultation we spoke to local people, businesses, partners and others; including:

- All Neighbourhood Forums
- Topic Based Partnerships
- Equalities Partnerships
- Town Centre Partnerships
- Council Executive
- On-line Web Consultation
- Postal Comments
- Children and Young People's Event
- Neighbourhoods and Diverse Communities Event

What they said

There were more than 1500 individual comments received and there has been strong across the board support for the vision, success factors and commitments.

Overall using the web based consultation 85% of people were in overall agreement with the vision and commitments of the Sustainable Community Strategy. What came across really strongly was people's support for Pre 19 education and skills where 96% agreed; however the lowest level of support was for the importance of access to services but it was still as high as 73%.

When we asked those under the age of 19 if they agreed with the vision 77% did with only 8.5% disagreeing.

This illustrates the strength of support for our shared vision and priorities.

A detailed consultation report will be published on the web site so that people can see what happened to the comments made. www.traffordpartnership.org.uk
